

Basic Class/Activity Report (elementary level)

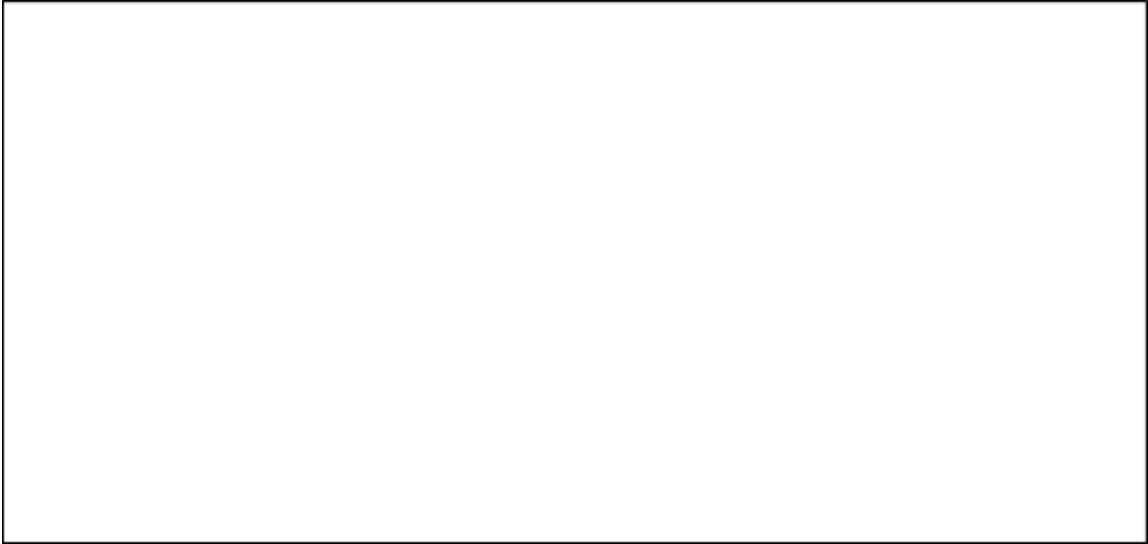

1. Draw a picture of your classroom/venue (inside or outside).

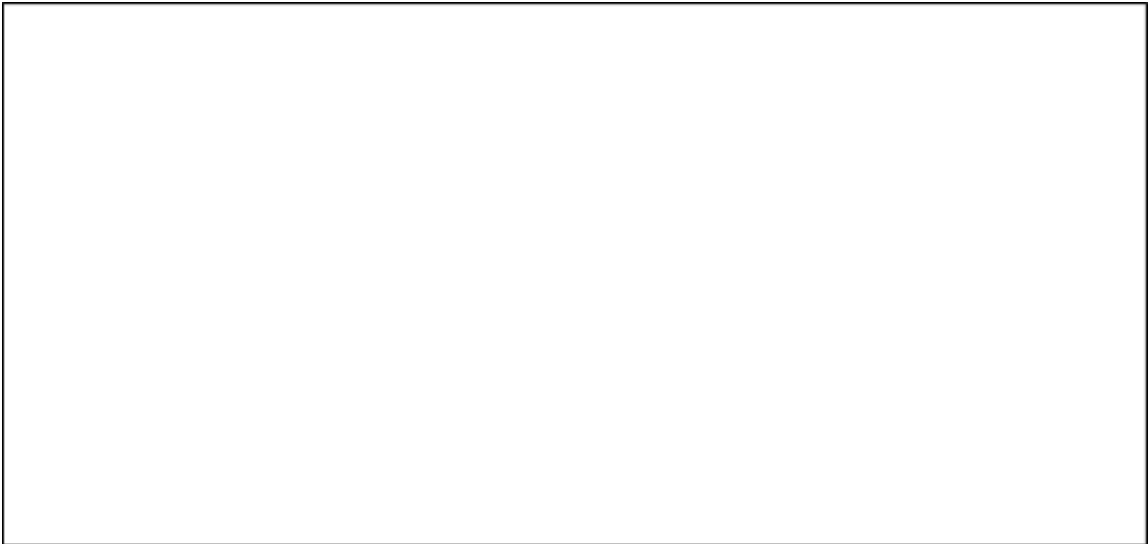

2. Describe the class/activity you attended. What do you learn?

3. What is one unexpected thing you learned in this class/activity?

4. Describe or draw your favorite part of the class/activity.

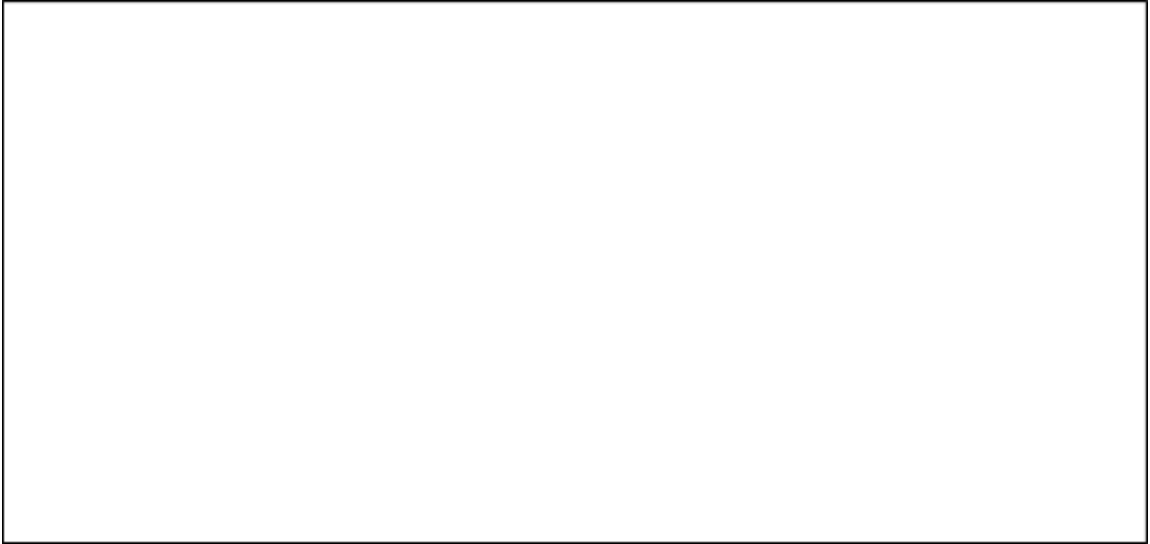

5. Draw or describe one of the things you liked least.

6. What is one thing you learned that you would like to keep learning more about?

7. Draw a picture or describe a class/activity you would teach!

8. How would to teach/present this class/activity? What ages would it be for?

9. If you could teach/present it anywhere, where would it be?

BONUS:

How long do you think it takes to become really good at what you are learning in this class/activity? Does anyone do it as a career? Would you like to? How do you think you could learn this better? Does anybody you know do this as well?
